This is truly a beautiful chalet with a magnificent mountain range view. The quality of wood and craftsmanship inside the chalet is superb.

This home has only had one owner and it has been well maintained and looked after.

There is a large garden which has a fence all the way round to make it secure enough for children to play and explore and great for a dog to run around. Also in the garden is a small wendy house type mini chalet which is ideal for children to play in. There is an electric gate on the entrance to the property and ample parking space just inside the gate. There is plenty of room for a hot tub or perhaps a swimming pool.

You enter the property into a small hallway which has a toilet, a laundry room and a cupboard for coats. Just off the hallway is a bedroom with an ensuite shower room. The bedroom has its own door leading onto the balcony. The hallway leads into the open plan kitchen, dining area and lounge. The kitchen has a hob, a built in double oven and integrated units. There is also a breakfast bar and stools. Opposite the kitchen is a dining area with French windows leading out onto the terrace where you can sit and take in the magnificent mountain . . .
